

Our Mission is to enhance the quality of life for Kentucky's children with special health care needs through quality service, leadership, advocacy, education and collaboration.

Our staff therapists strive to fulfill CCSHCN's mission by collaborating closely with physicians, public school therapists, First Steps providers and families to assist children in reaching their full potential.

Let CCSHCN staff therapists assess your child's needs for adaptive equipment, assistive technology and/or augmentative communication to foster independence and access to learning.

THERAPY SERVICES

**Information for Parents &
Providers**

Who qualifies for therapy services through the CSHCN?

All children (birth up to the 21st birthday) who are residents of Kentucky.

What is the cost for therapy services?

CCSHCN accepts all forms of health insurance and works closely with each family to access coverage. Charges are based on Medicaid Rates and families often qualify for a sliding fee scale based on family income and number of members living in the household.

How may I contact the CSHCN to make a referral or ask for more information?

Please call one of our 12 offices listed on the back of this brochure, located closest to your home. Describe any concerns you have and our staff will steer you in the right direction to access therapy services in your area.

What are some of the conditions treated by CSHCN therapists?

- ◆ Speech sound and language disorders
- ◆ Speech and resonance issues associated with cleft lip/palate
- ◆ Swallowing/feeding issues
- ◆ Childhood verbal apraxia
- ◆ Communication delay due to any form of hearing loss
- ◆ Developmental delays
- ◆ Gross motor/fine motor issues that interfere with movement/daily living activities
- ◆ Orthopedic conditions post surgery for upper or lower extremities

What disciplines of therapy can my child access through the CSHCN?

CCSHCN has occupational therapy, physical therapy, and speech-language pathology staff housed in several locations across the state. Those staff therapists also travel to other locations.

When CSHCN does not have a therapist staffed in your location, it is our mission to assist families in locating services with a multitude of our community partners.

Please call today, and allow us to assist you and your child in successfully connecting to therapy services in your area.
